DISTRICT MEETING K. OF P.

**About Twenty Visitors and a Splendid
 Meeting Held.**

A district meeting of the Knights of Pythias lodge composing the eighth Grand Lodge District was held in DeLand last night. About a dozen representatives of the lodges of the district were present, and a fine delegation was over from Daytona (which is not in this district) by special invitation.

The meeting was held in the castle hall, which was comfortably filled.

The rank of esquire was conferred by the Myrtle lodge team in a very impressive manner, the candidate being J. J. Hill, of Lake Helen.

After the meeting refreshments were served and this was followed by a smoker. The meeting was thoroughly informal and most pleasant in every respect.

The address of welcome was made by Hon. James E. Alexander and the response by Rev. Henry Hise, of Leesburg.

Those present at the meeting were: Chas. E. Gardner, Joseph Osborne, W. S. Edwards, A. K. Brokaw, Wesley Herrick and C. R. M. Sheppard, of Fountain City Lodge, No. 56, Daytona.

O. J. Hill, Dixie, No. 102, South Jacksonville.

S. Alexander, of Charleston, S. C. Chas. Donegan, J. A. Lancaster, J. M. Gardner, R. L. Roberts, E. L. Bandy, of Kissimmee.

F. L. Helms, M. M. Sharp, John T. Dale, N. P. Yowell, Orlando.

Rev. Henry Hise, Leesburg.

S. E. Serhinson, Middleburg, and others.

The district meeting was presided over in a dignified manner by D. D. G. C. Yowell, of Orlando.

The Daytona party came over by auto. Mrs. Gardner, Mrs. Osborne, Mrs. Edwards, and Mrs. Brokaw came over with the party and spent the evening with lady friends in DeLand.

CHURCHES OF CHRIST.

**About Fifty Delegates Attend Convention
 in DeLand This Week.**

The Eighteenth Annual Convention of the Churches of Christ in Florida was held in the Christian church of DeLand this week, beginning Tuesday evening and closing Thursday evening. Fifty delegates and visitors were present, among the most noted being Rev. Mr. Hagan, a returned missionary from Japan, who delivered a fine address on Tuesday evening, Mrs. Ida W. Harrison, of Lexington, Ky., the National vice-president of the C. W. B. M., who made a most excellent address also on that and one other occasion during the convention. Mrs. J. J. Halley, of Eustis, delivered an address worthy of note, as did her husband, Rev. J. J. Halley, on Thursday evening. Mr. Wright, general secretary of the American Christian Society, was present, also Rev. Marian Stevenson, National Bible School Superintendent, both of Cincinnati.

On Monday evening preceding the convention Rev. Mr. Mohorter, of the National Benevolent Christian Association, gave a stereopticon lecture.

There were two distinct bodies in session, the Florida State Christian Mission Society, and the State Christian Woman's Board of Missions. The F. C. M. S. re-elected all its old officers. The C. W. B. M. elected the following for the current year: President, Mrs. F. J. Longdon, Jr., DeLand; vice-president Mrs. Arnheiter, of Jacksonville; Corresponding Secretary, Mrs. T. E. Arnold, DeLand; Recording Secretary, Mr. Dean, of Tampa; Treasurer, Mrs. Reams of Tampa; Supt. of Young Peoples' Work, Mrs. Coleman, of Palatka; Supt. of Home Department, Mrs. J. P. Walker Ocala.

A good choir rendered fine music, while some of our best local singers rendered pleasing solos.

The sessions were markedly harmonious and enjoyable, and much business of importance was transacted.

The next convention will be held in Starke.

SALES BY GOULD AGENCY.

The Gould Agency reports the following sales this week:

K. B. Osteen to McCormick Lumber Co., house and two lots, West Wisconsin avenue.

Z. T. Bielby to J. F. Allen, lot 1, Block 4, Walts Addition, South Boulevard.

Z. T. Bielby to L. E. Field, Lot 4, Block 4, Walts Addition, Boulevard frontage.

J. T. Cairns to C. A. Miller, house and lot Amelia avenue, south of New York avenue.

Sarah J. Yeargen to Z. T. Bielby, lot South Boulevard, Walts Addition.

P. V. Lofquist to Louise A. Nahm, lot west side Clara avenue.

D. J. Miller to Silas W. Hickox, S. A.

Wood's Subdivision of Lots A and H, Block 12, Rich's Addition, West New York avenue.

LIBERAL ORANGE OFFERINGS

Show Greenness, but Grapefruit Is Good.

New York, Nov. 5.—Offerings of Valencia oranges continue liberal, the total sales of the week amounting to about 40 cars. Monday opened with a sale of 12 cars and there have been almost a dozen a day since. The amount of fruit offered at this season of the year is remarkable, the daily offerings being equal to weekly offerings in previous seasons. The oranges hold out better than was expected and there are still more to come.

The highest price brought by the fanciest brand was \$7.12 1/2 which was less than the highest price of the previous week. Choice stock sold as high as \$6.45, but the bulk of the sales of good Valencias ranged \$3.50@4.25. There are some off grades which are green and standards sell lower. Some fresh standards bring as high as \$4; great bulk of the sales of standards have been \$3.25@3.75. Some of the off quality has sold lower. Even this grade of goods to the cheap trade has brought unusual prices. While the prices this year are not as high as in former years, the results are good and should please the growers.

There was quite a bunch of California grapefruit offered in half and whole boxes. Some of this fruit had been held too long and if it had been put on the market promptly it would have brought more money. The half boxes ranged 60c@\$.1.05 and the whole boxes \$1@1.12 1/2. It is a mystery why this grapefruit was kept off the market when there was a demand for it. There is little chance for California grapefruit this year because of its poor quality and the early arrival of Floridas which are showing unusual quality.

The offerings of Florida oranges have been rather liberal this week, the independent shippers being most in evidence. The range is \$1.75@2.25 with a few fancy marks bringing as high as \$2.75. Considerable of the fruit still shows greenness and as a general rule it is small. The oranges will be better from this on. The color is yet pale.

Florida grapefruit of good quality ranges \$3.50@5. The receipts are not so heavy as last week and the color is unusually good for this season of the year. The fruit cuts well. There was a line of Russets offered yesterday which ranged \$3@3.50 and Brights out of the same lot brought \$3.75@5. The Florida Citrus Exchange on Monday had some grapefruit which ranged \$2@2.50, considerably less than the prices received for well-known brands shipped by independents. The Exchange also offered some Satsuma oranges, the half boxes of which brought 85c. There was no bidding for the balance of it and it was withdrawn.—New York Produce News.

An Incipient Fire.

Gasoline in the tank of a little engine in the rear of the St. Elmo bakery caught fire Saturday night and burned briskly. An alarm of fire was sent in and the department responded quickly. The chemical apparatus was used to advantage.

Death of Mrs. Singletary.

Mrs. Singletary died on Saturday at Daytona, where she went some time ago to enter a sanitarium and undergo an operation. The body was brought to DeLand and funeral services held Sunday afternoon. The services were conducted by Dr. Owens of the Baptist church. The remains were interred in DeLeon Cemetery.

A wireless telegraph station has been established at Jacksonville. This station will be in communication with Savannah, Tampa, and all coastwise vessels. It has a range of 2,000 miles.

JOAN OF ARC.

The rehearsals for Joan of Arc are going splendidly—the chœurs is more enthusiastic over it than over any previous production of an Oratorio in the town.

The music is highly descriptive and brings out the thought of the text in beautiful fashion.

The Ave Maria in this Oratorio is regarded as one of the finest bits of choice writing—ancient or modern—the world has ever heard. The work was first performed in Birmingham, Eng., with stupendous success. The production of this Oratorio will prove a rare treat to DeLand Music lovers. An excellent Orchestra combine with the piano and organ in accompanying the singers. Joan of Arc is the first event of the Lyceum course. Remember the date, Friday, December 10, at the University Auditorium.

STETSON, 26; FLORIDA, 0.

**Our Boys "Eat 'em Alive" at Saturday's
 Football Game.**

Perhaps the most interesting game of football ever pulled off on the local gridiron took place Saturday afternoon, when the University of Florida played here. A large, enthusiastic crowd witnessed the game, which was clean and gentlemanly throughout.

Game was called at 3 sharp, and within ten minutes Stetson had made a touchdown and a safe kick of goal. Score 6. Before the end of the first half Stetson made another touchdown and another kick; score 12.

In the second half, Stetson scored 14 points, while Florida was unable to score. At the end of the game the score stood, Stetson 26, Florida 0.

The score would indicate that Stetson had a walkover, but she didn't. Every foot of gain was the result of hard team and head work. The Stetson team works as a unit, and it is the team work that wins, not only in football, but in life as well. The line-up:

UNIVERSITY OF FLORIDA

Time of Halves—25 and 20 minutes.

The Next Game.

Our boys leave today for Jacksonville, where, on Saturday, they will play their third game with the Olympics. The Olympic team has been greatly strengthened since the game in DeLand two weeks ago, and will doubtless make things very interesting for Stetson.

Wanted—A Hitching Place.

The council did exactly right in removing hitching posts from Indiana avenue. They had become a nuisance there. But at the same time posts should be provided on the side streets of the town, so that people who drive into town and desire to stay some time, may have some place in which to tie their horses. West Rich avenue and West New York avenue would be good places in which to put posts. Since the posts have been removed from Indiana avenue, some people have been hitching to shade trees. This is not only against the city ordinance, but is positively injurious to the trees. This should be attended to at once by city authorities.

John Robinson's 10 Big shows—10, are now touring Florida. They will probably strike DeLand soon.

ROLLMAN FOOD CHOPPER

EASY TO CLEAN

One of the Rollman's many exclusive advantages—simply lift collar, open hinge, and clean in a moment with a small brush. Practically in two pieces.

The Rollman is the easiest to operate—gives best and longest service—and is always rigid; will not work loose on table.

For many years this peerless chopper has enjoyed a reputation among thrifty housewives, who have learned to depend upon it as the quickest, most convenient and durable. It "does wonders" in making "scraps" and "leavings" into attractive dishes.

In Selecting a Sales Agency

to market your crop, a grower's natural desire is to select an organization whose interests are in Florida and which is therefore working for the welfare of the State and the improvement of the industry;

An organization which has the best facilities at this end;

Which has the longest and most successful experience in marketing

Florida products;

Which has a reputation not only in Florida, but all over the country, for fair and square dealing;

Whose business is an established and successful one;

Whose brands and pack are known in all markets and popular among the jobbers;

Which has an established trade in every carlot market in the United States and Canada, thus insuring it in most cases first chance at the business of the best houses;—which means distribution and top prices;

Which has a well organized and competent sales force with bonded sales agents in practically every carlot market in the United States and Canada.

Whose agents are selected for their ability, honesty and experience in Florida products;

Whose officers have the ability and experience in Florida necessary to enable them to properly distribute its shipments and secure top market prices;

Which has in the past been able to return to the growers the highest averages;

Which does not ask you to pin your faith solely on promises of what it will be able to do for you in the future, without being able to show a past record which will of itself justify you in selecting it as your sales agency;

Which does not ask you to tie up your fruit for a term of years, but which will handle your fruit for the one season knowing that it can show you results which will cause you of your own free will to continue your arrangements with it during future seasons;

Which does not ask you to tie up your crop without knowing what its charges will be, but which will agree to market your crop at a definite price per box which is just as low as the service rendered will permit.

The organization which can answer these requirements is,
